Feel the difference

**MONDEO**

### **The closer you look, the better it gets.**

Mondeo's athletic lines and taut, muscular stance create a feeling of energy in motion. The product of our unique "kinetic design" language, the carefully honed outer form reflects the engineering excellence hidden within – there is real substance behind the style. The sculpted sideview mirrors don't just look good, they also help channel air passing over the car to increase straight-line stability and reduce drag. Similarly, Mondeo's eye-catching LED daytime running lamps (DRL)<sup>1</sup> and LED taillamps enhance safety by alerting other drivers that you're there.

Ghia Saloon. Moondust Silver Metallic. Available equipment.

<sup>1</sup>Available equipment.

## All systems go.

From the moment you slide behind the wheel, you feel at one with Mondeo – with effortless, intuitive control over its advanced driving systems. Keyless entry and keyless start<sup>1</sup> sense the key in your pocket, so just buckle up, press the Power button<sup>1</sup> and you're off. Once on the move, you can easily adjust the audio and vehicle settings with 2 steering wheel-mounted switches for the Human Machine Interface (HMI) System.

### **Cruise in comfort.**

Long drives are more relaxing with cruise control! Just set your desired speed, and Mondeo maintains that pace until you touch the accelerator or brake pedal.

### **Hands-free calling.**

Make and take calls safely with voice commands when your cell phone is paired with the Bluetooth® Voice Control System!<sup>1</sup>

### **Your mobile concert hall.**

Enjoy full, rich sound from the Sony® Audio System!<sup>1</sup> which includes 9 speakers and a single-CD player.

**SONY®**

<sup>1</sup>Available feature.  
The Bluetooth word mark is a trademark of the Bluetooth SIG, Inc.  
Sony is a registered trademark of the Sony Corporation.

Ghia. New York with Lux cloth in Ebony. Available equipment.

## **In control of your car. In command of the road.**

Mondeo is a true driver's car. The independent MacPherson-strut front suspension and independent Control Blade™ rear suspension give you a precise feel for the road – but there may be times when you want even more control. Mondeo's interactive vehicle dynamics control<sup>1</sup> (iVDC) delivers tangible improvements in handling stability and braking performance. iVDC adjusts each shock absorber 5 times every second to ensure the best possible passenger comfort and road contact. You can even switch between suspension modes – sport, normal or comfort – to suit the road and your mood.

Trend Saloon. Frozen White. Available equipment.

<sup>1</sup>Available feature.

### A treat for the senses.

Mondeo quietly pampers your every need as you cover huge distances with consummate ease. Fine-crafted leather-trimmed seats<sup>1</sup> with contrasting trim can be ventilated.<sup>1,2</sup> Climate control allows different settings to suit both the driver and front passenger. Even the incoming air is cleansed with a special filter that helps remove dust and pollen particles. It's all part of a carefully conceived and executed interior that has been designed to keep you comfortable and relaxed at all times.

Ghia. Windsor leather with Cuir insert in Medium Light Stone. Available equipment.

<sup>1</sup>Available feature. <sup>2</sup>Front seats only.

[ssa.ford.com](http://ssa.ford.com)

**Luxury as standard.**

Mondeo is more than just a superbly focused sports saloon and wagon – it's luxuriously equipped too. Trend comes with a wealth of standard features, including dual-zone electronic automatic temperature control, a radio/CD player with steering wheel-mounted controls and 8 speakers – and power windows all around. Ghia adds even more, with the extra convenience of automatic headlamps, rain-sensing wipers, cruise control and a Sony® Audio System with no less than 9 speakers.

Trend Saloon. Lunar Sky Metallic. Available equipment.

[ssa.ford.com](http://ssa.ford.com)

## Effortless innovations.

Many of Mondeo's best innovations are imperceptible when in use – but they can make a real difference in how much pleasure you get from driving. And, like all the best technological advances, you will soon be wondering how you ever got by without them.

### **Parking made easy.**

Parking in tight spaces is easier with alerts from sensors<sup>1</sup> mounted in the front and rear bumpers that let you know when you're getting too close to objects.

### **Illuminating your path.**

If you arrive at your destination in darkness, Mondeo automatically keeps the headlamps on for 20 seconds, providing more light and safety.

### **Clearing the view.**

Sensors detect rain on the windshield, and automatically activate the wipers to maintain a clear view ahead.<sup>1</sup>

### **Watching your speed.**

Integrated with the Cruise Control System<sup>1</sup>, the Mondeo adjustable speed-limiting device has a simple switch on the steering wheel that lets you set your maximum speed – which is particularly useful when driving in speed camera areas.

<sup>1</sup>Available feature.

## Taking a comprehensive approach to safety.

It's more than airbags and anti-lock brakes. It's the way we integrate safety features into a comprehensive system of accident avoidance and protection for those times when an unfortunate circumstance finds you. Our stability control systems are advanced enough to know when you're on the brink of losing control and can help you regain it. Our airbags know within milliseconds of impact how quickly to inflate. Like every Ford, Mondeo is designed to transfer impact forces around occupants. We know that protection has no limits.

- **Driver and front-passenger front airbags** help prevent serious injury during certain frontal collisions.
- **Side-curtain airbags** deploy from the headliner to cover both rows of the vehicle in certain accidents.
- **Driver's knee bolster airbag** inflates between the knees and the instrument panel.
- **Collapsible steering column and pedals** collapse in a frontal impact to help reduce possible injuries to the driver.
- **Pretensioners, load-limiting retractors and height-adjustable mounts** combine to boost the effectiveness of Mondeo's front safety belts.
- **Robust computer-optimized body structure with ultra-rigid safety cell and crumple zones** is designed to absorb the force of a collision.
- **Driver and front-passenger Belt-Minder®** helps remind each occupant to be properly restrained on every journey.
- **4-wheel Anti-Lock Brake System (ABS) with electronic brakeforce distribution (EBD)** prevents the wheels from locking up under heavy braking, helping to maintain steering control in an emergency.
- **Front and rear disc brakes** for faster, fade-free stops in all driving conditions.
- **Electronic Stability Program<sup>1</sup> with traction assist and emergency brake assist** senses when Mondeo is being driven on loose or slippery surfaces, and instantly modifies engine power and applies the brakes to each individual wheel.
- **Lane departure warning system<sup>1</sup>** alerts the driver with vibrations through the steering wheel if Mondeo begins to wander out of its lane.
- **Brake lights automatically flash under heavy braking**, giving following drivers early warning of an emergency situation.
- **Strengthened body shell** forms a protective cocoon for the driver and passengers, as well as an immensely rigid platform on which to attach Mondeo's chassis and running gear.

Ford Genuine Parts & Service. Keep your vehicle in optimum operating condition with scheduled maintenance service. Ford and Lincoln Dealership technicians know your vehicle inside and out. They are continuously trained by Ford Motor Company and the parts they use are specifically designed for your vehicle. □ The images in this brochure depict selected models of the vehicle. They have been chosen to give a general overall impression of the vehicle and may include features or optional equipment not necessarily released for use in any specific market. The specifications detail the models and features available in your market and were correct at the time of printing. Ford Motor Company's policy is one of continuous product development. Therefore, Ford reserves the right to change the specifications and colors of any models and items shown in this publication at any time. It is important to check with your local Ford Dealer for the latest information on models available for order in your market. Comparisons are based on 2011 competitive models.

Service d'entretien et pièces détachées d'origine Ford. Maintenez votre véhicule en parfait état grâce au service d'entretien programmé. Les techniciens des concessions Ford et Lincoln connaissent par cœur votre voiture. Ils suivent une formation permanente auprès de Ford Motor Company et utilisent des pièces spécifiquement adaptées à votre véhicule. □ Les photographies de cette brochure représentent certains modèles du véhicule. Elles ont été choisies pour fournir une impression générale du véhicule et peuvent inclure des fonctionnalités ou des options qui ne sont pas nécessairement commercialisées sur un marché spécifique. La section Spécifications présente les modèles et équipements disponibles sur votre marché et était correcte au moment de l'impression. Ford Motor Company a pour politique le développement continu de ses produits. Ford se réserve donc le droit de modifier à tout moment les spécifications et les coloris des modèles et éléments illustrés dans cette publication. Il importe de consulter votre concessionnaire Ford local pour obtenir les toutes dernières informations sur les modèles disponibles. Les comparaisons sont basées sur des modèles concurrents de 2011.
