2016 | **EVEREST**

## Outstanding ability...

Everest has advanced technologies<sup>1</sup> to help you parallel park, avoid collisions and more. Active park assist<sup>1</sup> helps you find a spot, then steers the vehicle into place as you shift gears and control the brake and accelerator pedals. BLIS<sup>®</sup> (Blind Spot Information System) with cross-traffic alert<sup>1</sup> uses sideview mirror lights to warn of traffic detected in blind spots as you're driving forward, or nearing either side as you're slowly backing up. Adaptive cruise control and collision warning with brake support<sup>1</sup> flashes a warning on the windshield, sounds an alarm, and preps the braking system to help if a potential front-end collision is detected. The Lane-Keeping System<sup>1</sup> detects lane markings with a forward-facing camera and can send vibration pulses to the steering wheel and apply steering torque if needed, prompting you to steer back toward center.

*LIMITED. Sunset. Available equipment.*

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

<sup>1</sup>Available feature. Availability varies by market.

## ... wherever your journey takes you.

Our highly capable Terrain Management System<sup>TM1</sup> is paired with all-wheel drive (AWD)<sup>1</sup> to give you seamless shift-on-the-fly confidence. Just turn the dial to match the scene outside.

**Mud, Rut**  
Lets the tires spin a bit if needed to help keep you on the go.

**Sand**  
Allows aggressive wheel spin to help you stay on top.

**Gravel, Grass**  
Optimizes traction and control on a wide array of slippery surfaces.

**Normal**  
Ideal for everyday driving on wet or dry paved roads.

**Hill Descent Control<sup>TM</sup>**  
Regulates your speed on steep declines with push-button ease.

# Luxury and space.

Everest is available with many luxurious features including leather seat trim,<sup>1</sup> a power liftgate,<sup>1</sup> and dual-zone electronic automatic temperature control (DEATC).<sup>1</sup> With 3 rows of seats, it has plenty of room for 7 passengers. And when you need to carry extra cargo, there's a massive 2,010 liters of space with the 2nd- and 3rd-row seats folded.

<sup>1</sup>LIMITED. River Rock leather trim. Available equipment.

<sup>1</sup>Available feature.

## Exteriors
