

2016 | **RANGER**

GET A NEW RANGER. GET IT DONE.

REGULAR CAB

Regular Cab is the perfect choice if your main priority is a generous load-carrying capacity, and you only need seating for 3. With a cargo box that is 2,317 mm long, Regular Cab may even enable you to make just one trip when two might usually be required to finish the job.

GET THE ABILITY YOU WANT.

The Ranger 4-Wheel-Drive System incorporates electronic shift-on-the-fly (ESOF)³ to let you move smoothly from 2-wheel drive to 4-wheel drive without having to stop the vehicle.

When you’re off-roading, you need to stay above obstacles if you want to stay on the move. The confidence-inspiring approach, departure and breakover angles of Ranger help you do exactly that.

2H
Two-wheel drive for maximum fuel economy on paved roads.

4H
Four-wheel drive for driving on unpaved roads and level tracks.

4L
Four-wheel drive with lower gear ratios for more challenging conditions.

GET CONNECTED.

The new Ranger keeps you in touch with your world regardless of your work or leisure pursuits. Voice-activated SYNC^{®1} makes it easy to stay connected. No more searching for your phone. No device on your ear. Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. It lets you play music from your phone, MP3 player or USB, as well as providing quick and easy browsing of your phonebook and song lists. SYNC does all of this with simple voice commands. And it has an 8" color display¹ for your convenience.

WILDTRAK Double Cab 4x4. Caliber cloth in Trak Orange and Ebony leather in Journey Grain. Available equipment.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. Functionality varies by market.
